ABOUT US

İyon Health Medical was established in 2008 by pharmacists with a 30-year professional background. As a pioneering force in the Turkish medical device sector, our commitment to address the evolving needs of the medical devices industry has been central to our success.

As a leading innovator, **İyon Health Medical** as made significant strides in the market, becoming the first producer of **"pen needle"** and "**sea water**" in Turkey. These groundbreaking products have been recognized with **the Project Success Appreciation award** from **TUBITAK** (the Scientific and Technological Research Council of Türkiye), highlighting our dedication to research and development.

İyon Health Medical's production facility comprises 13,400 square meters of indoor area and 5,000 square meters of outdoor area, where a wide and innovative product portfolio is manufactured, including 8 different product groups such as **pen needles, saline nasal spray, anti-lice spray, nasal aspirator, and tips, sinus rinse, serum physiological, medical shampoo** and **nebulizer.**

Our commitment to quality is demonstrated by strict adherence to ISO and CE standards. Each product undergoes comprehensive quality control measures in accordance with **ISO 13485**, **ISO 9001**, and **ISO 22716** standards prior to market release.

Our Mission

İyon Health Medical's mission is to deliver precise, reliable, and ethical medical solutions through a team of highly skilled professionals. We are dedicated to enhancing daily life by investing in advanced technologies and developing innovative medical devices. We focus on creating products that support faster recovery and improve quality of life during illness.

Our Vision

İyon Health Medical's vision is to be a prominent global player in the medical device industry, focusing on becoming the preeminent producer of insulin pen needles worldwide. We are committed to driving innovation and advancing health products through groundbreaking research and development. Our goal is to maintain relentless growth and industry leadership while upholding the highest standards of quality, thereby shaping the future of global healthcare.

İYON MEDICAL MANUFACTURING FACILITY

QUALITY CONTROL & ASSURANCE

İyon Health Medical is committed to producing high-quality medical products. The company prioritizes customer satisfaction through innovative product development, compliance with legal and customer requirements, and continuous employee training. This commitment ensures that Iyon Health Medical remains a reliable, and sought-after company in its field.

Our quality management system is designed in accordance with **ISO 9001:2015, ISO 13485** and **ISO 22716** and **CE** standards to ensure customer satisfaction and continuously improve the quality of our products.

İYON TEA TREE OIL SHAMPOO

İyon Tea Tree Oil Shampoo is a scalp-focused cleansing product developed to support effective hair and scalp hygiene. Enriched with tea tree oil and functional ingredients, the formulation helps maintain a clean scalp environment while contributing to stronger, healthier-looking hair. It supports improved hair softness, shine, and manageability with regular use.

Recommended Use:

Suitable for routine scalp and hair cleansing applications.Can be used as part of regular hair care routines to support scalp hygiene and hair manageability. After lice treatment, continued use may help prevent re-infestation, as lice tend to avoid hair treated with tea tree oil.

Composition:

Formulated with Tea Tree Oil (Melaleuca Alternifolia Leaf Oil) and Piroctone Olamine, combined with a balanced surfactant system for effective scalp cleansing.

Description:

İyon Tea Tree Oil Shampoo is a liquid cleansing product, presented in a 150 ml plastic bottle.

Benefits:

- Effectively cleanses hair and scalp
- Helps maintain scalp hygiene and balance
- Supports stronger and healthier-looking hair
- Contributes to improved hair softness, shine, and vitality
- Suitable for regular use

İYON TEA TREE OIL SHAMPOO

İyon Tea Tree Oil Shampoo offers effective scalp cleansing, supports scalp balance, and helps promote softer, healthier-looking hair with regular use.

Unique Selling Points:

Tea Tree Oil Enriched Formula: Contains Melaleuca Alternifolia Leaf Oil, widely used in scalp care formulations.

Piroctone Olamine Support: Includes a well-known ingredient used in scalp care products targeting dandruff-prone hair.

Scalp-Focused Development: Formulated specifically to support scalp hygiene alongside hair cleansing.

Balanced Cleansing System: Combination of surfactants provides effective cleansing while helping maintain hair softness.

Cosmetic Compliance: Formulated with commonly used cosmetic ingredients suitable for daily care routines.

İYON GLYCERIN

İyon Glycerin is a high-purity glycerin solution developed for cosmetic and personal care applications. It is designed to support skin hydration, improve softness, and help maintain the natural moisture balance of the skin.

Recommended Use:

İyon Glycerin can be applied directly to the skin or diluted with water depending on the intended application. Suitable for cosmetic use on skin and hair to provide hydration and softness.
With its simple and effective formulation, it can also suitable for use in ear care applications to support the softening of earwax.

Composition:

İyon Glycerin consists of 100% pure glycerin, free from additives.

Description:

İyon Glycerin is presented in a 30 g plastic bottle, supplied with a standard cap and a separate dropper for controlled application.

Benefits:

- Provides intense and long-lasting hydration for skin and hair
- Helps prevent dryness, irritation, and roughness
- Softens and smooths the skin texture
- Supports ear hygiene by softening earwax for easier removal

İYON GLYCERIN

İyon Glycerin offers intense hydration, helps improve skin softness, and provides a versatile solution for skin, hair, and ear care applications.

Unique Selling Points:

Pure Formula: Made of 100% pure glycerin with no additives, ensuring safe and effective use.

Multi-Purpose Use: Suitable for skin, hair, and ear care applications, offering a versatile solution in one product.

Deep Moisturizing Effect: Helps retain moisture and strengthens the skin's natural barrier for long-lasting hydration.

Gentle & Safe: Suitable for regular use without causing irritation when used as directed.

Easy Application: Supplied with a separate dropper for controlled, precise, and hygienic application.

Practical Packaging: Comes with both a secure cap for storage and an attachable dropper for convenient use.
